A blonde walks into a bank in central New York City and asks for the loan officer. She says she's going to Europe on business for two weeks and needs to borrow \$5,000.

The bank agrees to accept the car as collateral for the loan. The bank's president and its officers all enjoy a good laugh at the blonde for using a \$250,000 Rolls as collateral against a \$5,000 loan. An employee of the bank then proceeds to drive the Rolls into the bank's underground garage and parks it there.

The blonde replies, "Where else in central New York City can I park my Rolls for two weeks for only \$15.41 and expect it to be there when I return?"
